

What can you bring to Pollution Solution?

Batteries

- Alkaline batteries are okay to throw away in small numbers
- Please bring us all lithium, rechargeable and “button” batteries

Tires

- Bring tires to Pollution Solution for our tire collection events! The 2015 dates for this event are June 6th and September 26th.
- Tractor tires cost \$10, all other sizes are \$1.

Garage and Automotive

- Oil and Antifreeze, Brake fluid, Transmission fluid, Vehicle wax, Polish, Cleaners, Paint, Solvents, Gas and Kerosene, Car batteries and acids, Propane cylinders, Mercury switches, Refrigerants, Grout, Caulk and sealants, Tar

Garden and Workshop

- Fertilizers, Pesticides, Herbicides, Rodent poisons, Oil-based paint, Stain and Varnish, Spray paint, Paint thinners and strippers, Acetone, Epoxy, Adhesives and glue, Water Repellents, Pool chemicals, Propane tanks

Personal Care and Miscellaneous

- Thermometers, Hair dyes and perm chemicals, Aerosol hair-sprays, Nail polish and remover, Artist paints, Chemistry sets

Home Electronics

- Computer, Monitors, Printers, Keyboards, Cables, Televisions, Screens, VCR/DVD players, Radios, Stereos, Cell Phones, Printer cartridges, Anything with a cord (some fees may apply)

Latex Paint

- Latex paint does not need to come to Pollution Solution. It can be thrown away at home.
- Let the paint dry out by opening the container, or add kitty litter to the remaining paint.

Paper shred event

October 10th from 10 am to 1pm at Didier Hardware in Union City.

Pollution Solution is open every Saturday until October 17, 2015 from 8-12 pm. Located at 2115 E State Road 32. Questions? Call the Solid Waste Management District office at 765-584-9816

How do I properly dispose of batteries?

- Small numbers of alkaline batteries may be thrown in the regular trash.
- Please bring all lithium, button and rechargeable batteries to Pollution Solution!

Printer and Toner Cartridges?

- Printer and toner cartridges can be donated to the YMCA to support their child care ministry.
- Clothes can be repurposed in to rags, bags, rugs or other useful items, OR can be donated to Goodwill, the Muncie Mission, or other local outreach organizations.
- Books can be donated to your local library or can be recycled.

Appliances or electronics I no longer need?

- If they still work, contact Goodwill or Muncie Mission for pick up.
- If they do not work, bring them to Pollution Solution.

Expired medications and sharps?

- All expired medications and sharps should be taken to the Randolph County Health Department for proper disposal.

What do I do with left over paint?

If you can't find a way to use it in another project:

- Oil based paints and stains can be taken to Pollution Solution.
- Water based paint should be dried out and then can be thrown in the regular trash.
- All spray paint cans should go to Pollution Solution.

What do I do with used motor oil?

Take used motor oil to:

- Pollution Solution
- Farmland Auto
- Martin's Repair in Winchester

Used oil and oil filters can go to:

- Union City Street Department
- Randolph County Highway garage
